Terms and Manner in Which We Do Business.

Terms.—Prices named herein are subject to the following discounts: Five per cent. allowed, to be deducted when cash accompanies order. To customers of approved credit accounts are payable 90 days from date of invoice, except where special prices and terms are arranged for. Potatoes, Grass, Grain, Clover and Bird Seed, Implements, Fertilizers and Insecticides are subject to no discount whatever, but are strictly net cash.

Orders are filled promptly upon receipt or a reason given with acknowledgment of same.

Prices.—As it is impossible to predict our exact demand, our prices are made subject to change without notice and goods being unsold when order reaches us. We, however, carry very large stocks, and if orders reach us in good season, full satisfaction may always be expected.

C. O. D. orders can be sent only by express. Such orders should be accompanied by a remittance in part payment, to guarantee charges.

20 per cent. Reduction in Express Rates on Plants.—Under the new ruling of the leading express companies, Plants, Bulbs and Seeds, packed in closed boxes or baskets, will now be carried at the "GENERAL SPECIALS" rate. This rate means a reduction of 20 per cent. from the regular merchandise rates to all points where no "General Specials" exists. To points where a "General Specials" rate is in force the companies make a special reduction. Shipments weighing less than 100 lbs. receive the benefit of the rate per 100 lbs., but the minimum charge is 35 cts. For instance, where the regular merchandise rate is \$4.00 per 100 lbs., a box of plants weighing 100 lbs. will be carried for \$3.20, a saving of 80 cts. on one shipment.

Important.—While we exercise the greatest care to have all seeds and bulbs pure and reliable, we do not give any warranty, expressed or implied. If the purchaser does not accept the seeds and bulbs on these terms and conditions, they must be returned at once, and the money that has been paid for same will be refunded.

General List of VEGETABLE SEEDS.

We furnish our retail packets of vegetable and flower seeds at 25 per cent. off retail prices when one dollar's worth and upward is ordered. All other prices in this Wholesale Catalogue (other than for retail packets) are net.

We will deliver free anywhere in the United States, packets, trade packets, ounces and quarter pounds, but on larger quantities buyer pays forwarding expenses, viz.: on pounds, pints and quarts, pecks, bushels and barrels, though we will prepay charges upon the aforesaid "large quantities" if at the rate of 8c. per pound or 10c. per quart is added to the prices.

Half a pound will be supplied at pound rates; half a peck at peck rates; half a bushel at bushel rates.

On purchases of vegetable seeds from this List to the value of **\$10.00 and upward**, we will deliver free to any railroad station in the United States, provided that at least **half of the order is composed of small seeds**, that is, any vegetable seeds in the List other than Peas, Beans, Corn and Potatoes. If your own order does not amount to \$10.00, you can avail yourself of this offer by combining your order with one or more of your neighbors.

GRASS SEED.

ANGLO-AMERICAN LAWN GRASS SEED.

Suitable either for **Lawns, Golf Links, Croquet Grounds, Cricket Fields, or Tennis Courts.**

We guarantee our mixture of this brand to be equal to any mixture or brand offered by other firms, at sometimes twice our price.

Our formula used in the preparation of the Anglo-American mixture is based upon that used in England for making the celebrated lawns of that country. The knowledge of this formula was acquired by ourselves after many years of experiment in Europe, and the U. S. Grasses in the English formula found unsuitable to the American climate are eliminated and replaced by other more desirable sorts.

Lawn Grass is sometimes quoted by the standard bushel of 14 lbs., which is confusing, and which should be borne in mind when comparing prices, as 14 lbs. of our Lawn Grass Seed would cost but \$2.45.

The Anglo-American Lawn Grass Seed is put up in one quart and four quart carton boxes, $\frac{1}{4}$ bushel, $\frac{1}{2}$ bushel, and one bushel canvas bags.

Wholesale price: Per quart, 15c.; 4 quarts, 55c.; $\frac{1}{4}$ bushel, \$1.00; 1 bushel, \$3.50; $\frac{1}{2}$ bushel at bushel rates.

To dealers who wish to sell our Lawn Grass we will supply it in quart packages at \$12.50 per 100 quarts, but no less than 25 quarts sold at this rate.

Rooted cuttings ready in January. Price, 20c. each; \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

THE MARQUIS.

Awarded Five First-class Certificates and also Silver Cup at Philadelphia. Awarded Silver Medal of Massachusetts Horticultural Society, Boston, Mass.

The color is a true pink of an exquisite shade, soft and rich, and possesses a peculiar glow which makes it very attractive; it is equally beautiful by artificial light or daylight. The calyx is strong and ample and does not burst. The size of flower is $3\frac{1}{2}$ to 4 inches in diameter under ordinary culture and often exceeds that. Its stems are strong and average 2 to 3 feet in length; its fragrance is delightful, and it is very prolific, more so than most of the standard varieties. Strong rooted cuttings for delivery March to April, 1900. Price, 20c. each; \$2.00 per doz.; \$10.00 per 100; \$75.00 per 1000.

OLYMPIA.

Color clear glossy white, very delicately pencilled scarlet, much less red in it than Mrs. Bradt; stem strong, 2 to $2\frac{1}{2}$ feet long; it is a continuous producer, tested alongside of Mrs. Bradt for two seasons it has produced 28 per cent. more flowers in the season. The stock is free from disease of any kind. It has received seven Certificates and the highest commendations wherever exhibited. Extra strong, well-rooted cuttings ready from February 15th, 1900, and onward, at 20c. each; \$2.00 per doz.; \$12.00 per 100; \$100.00 per 1000. 25 at 100 rates; 250 at 1000 rates.

MRS. THOS. W. LAWSON

The \$30,000 Queen of Carnations.

This carnation is the newest, most beautiful and lasting deep pink Carnation grown. It has taken the first prize in Boston, New York, Philadelphia and Chicago, in all the Competitive Carnation Exhibitions. Strong, well-rooted cuttings for Spring delivery. Price, \$3.00 per doz.; \$14.00 per 100; \$120.00 per 1000.

ETHEL CROCKER.

The florist's ideal of a perfect pink shade, brighter and deeper than Mrs. Joost, equally good under artificial or natural light. Stem stiff, 24 to 30 inches long, calyx good and strong. It is very free and will produce more long stemmed flowers than any variety grown to-day. The growth is strong and clean, every shoot is a flower producer. It is a Business Carnation for Business Growers.

NEW BEGONIA.

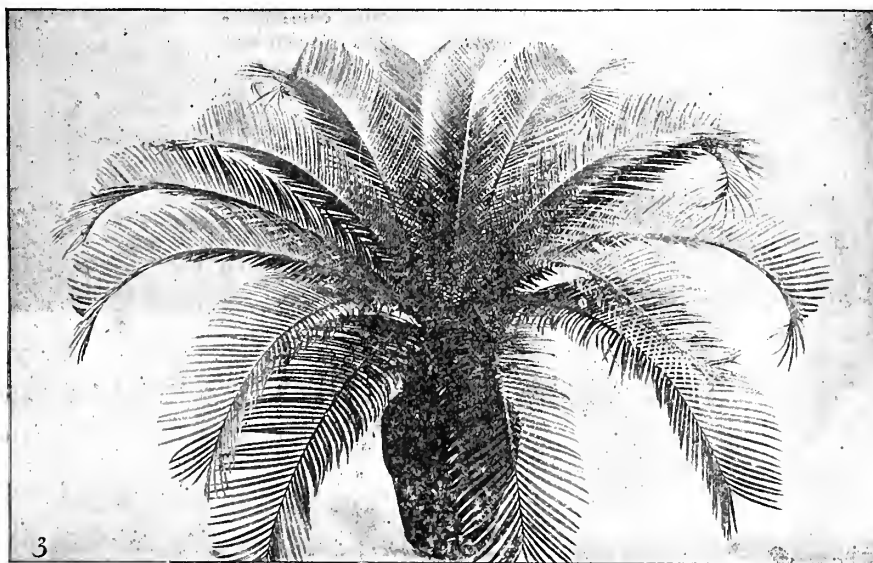

Gloire de Lorraine.

This grand variety makes graceful plants about 1 foot high, foliage regular and of a bright green; the plant is loaded with rose-colored flowers of great beauty, remaining for many weeks without falling and borne in large drooping panicles. It flowers from October to May in a shaded greenhouse, or sitting-room window. The French, English, American and German horticultural papers have been unanimous in their praise of this magnificent variety. It is grown by the thousand for the Paris and London markets, and equally popular here. Price, for delivery in spring and summer, 2-inch pots, \$20.00 per 100; \$2.50 per dozen; 25c. each.

CYCAS REVOLUTA.

SAGO PALM—Dry Stems.

Fresh imported, true long-leaf variety, in cases containing between 500 and 600 lbs. each; 75 per cent. of the stems $\frac{1}{2}$ lb. to 3 lbs. each, 25 per cent. 3 to 6 lbs. each. April delivery. Per 10 lbs., 12c. per lb.; 100 lbs., 10c. per lb.; whole case $7\frac{1}{2}$ c. per lb.

Cycas Revoluta.

Palm Seeds by the Millions, all Sorts. See 3d page of cover.

NEW CHRYSANTHEMUMS.

COL. D. APPLETON.

This fine yellow Japanese incurved chrysanthemum, one of the seedlings certificated by the C. S. A.'s committee at New York last year, has been seen at the leading shows this season, and when shown has never failed to attract great attention. It is one of the largest-sized flowers of its type, of clear yellow color, very full, not showing any centre, and carries fine foliage well up under the bloom.

The variety is a seedling raised by J. R. McDonald, Riverdale, N. Y., and from the same lot of seed as Mrs. Trenor L. Park. On the occasion of its presentation last year the flower scored 92 points on both commercial and exhibition scales. It has been shown before some of the other committees this season, with the following results: Boston, commercial, 91; exhibition, 93; Chicago, commercial, 95; Philadelphia, 91 points.

Price, 50c. each; \$3.50 per doz.; \$25.00 per 100.

YELLOW FITZWYGRAM.

The Earliest Yellow Chrysanthemum—Ready to Cut September 25th to October 10th.

Precedes all other yellows two to three weeks; the color is a rich yellow; this variety has developed a stronger habit and finer foliage than its parent, the white Lady Fitzwygram. It bears close planting, but must be started early, so that the bud can be taken about July 25th, not later.

We are prepared to furnish young plants by February 1st at a price within the reach of all—

15c. each; \$1.00 per doz.; \$7.00 per 100; \$60.00 per 1000.

LUCIOLE. Incurved broad petals, each petal being a combination of pink cerise and lavender, very hard to describe, but exceedingly attractive. A beautiful thing for exhibition, with good stem and foliage; in season November 1st to 15th; 4 feet. First Prize, Philadelphia Show, 6 blooms any other color.

50c. each; \$4.50 per doz.; \$25.00 per 100.

WINONA. White base with veins of deep clear pink running through the outer ends of the petals, making it a very striking combination and attractive. A full bold flower and an excellent keeper, and can be shipped any distance without damage. A good all-round commercial variety with extra good stem and foliage. Height, 4 feet; season, October 20th to November 15th. Certificate C. S. A.

50c. each; \$4.50 per doz.; \$30.00 per 100.

BONITA. A beautiful deep golden orange shaded with light bronze. A fine bold handsome round flower with excellent stem and foliage. A grand shipper and all-round commercial flower. 4 feet. In season November 1st to 25th. Certificate C. S. A.

50c. each; \$4.50 per doz.; \$30.00 per 100.

EULALIE. (Anemone). A very high built and bold, handsome flower with broad ray petals, clear white, the crown having a pleasing shade of yellow in centre till fully developed, when it becomes pure white all through; it has excellent stem and foliage, and is a good shipper; will become a general favorite for its distinctive qualities. Height, 4 feet; in season November 10th to 30th. Two Certificates C. S. A.

60c. each; \$5.00 per doz.; \$35.00 per 100.

SOUCI. (Carstairs). Inc. Jap. Bright clear yellow, in form and color similar to Modesto, but superior in every way; grown in six inch pots the past season, the blooms measured seven inches in diameter by six inches deep, with extra good stem and foliage. A grand keeper and a good all-round variety for all purposes. In season 1st to 15th of November; 4 feet, either bud. C. S. A. Certificate, New York, scoring 90 points.

50c. each; \$4.50 per doz.; \$30.00 per 100.

The following Pompons in two groups are in every particular distinct from anything on the market.

The first six were in perfection on October 1st, and the second lot of six on October 15th.

Certificates, Philadelphia, Chicago and Madison.

POMPON CHRYSANTHEMUMS.

Angelique. Pure white high built flower, very compact and neat.

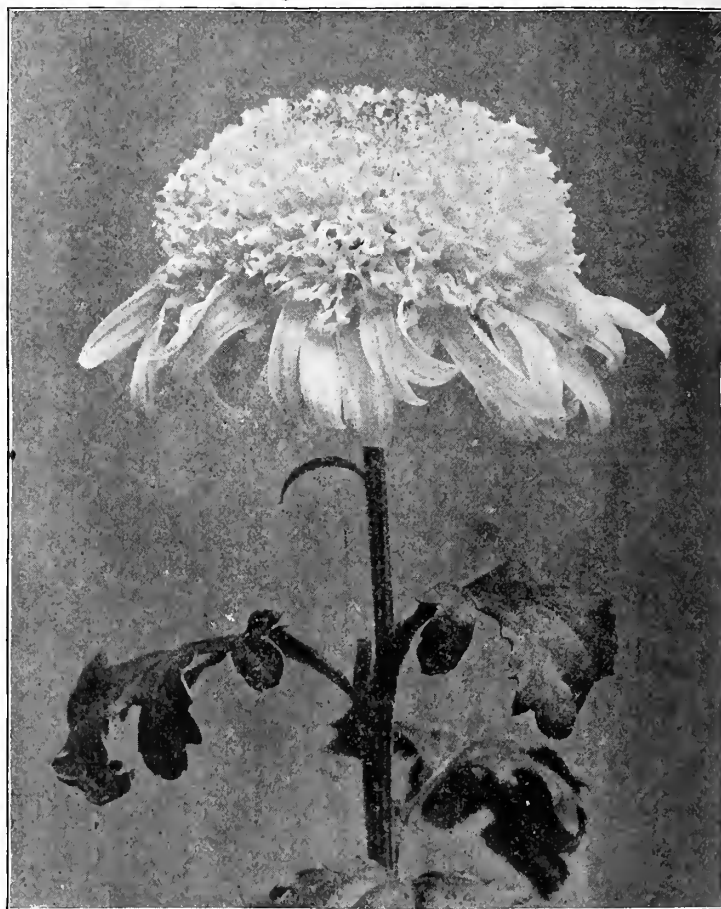

Canova. Deep orange bronze, a very showy flower.

Zenobia. Extra bright clear yellow of brilliant shade; a bold, handsome flower.

Norma. Very large, bold anemone, ray petals deep bronze and clear yellow centre.

Ethel. Blush white, medium to large; a great keeper.

Almeida. Pink changing to white with age; a bold, well-built flower.

Eulalie.

Attila. Deep orange maroon, very compact form, medium size.

Elberta. Deep but clear yellow, very distinct and a bold, symmetrical flower.

Viola. Deep violet shade, a very showy and distinct flower.

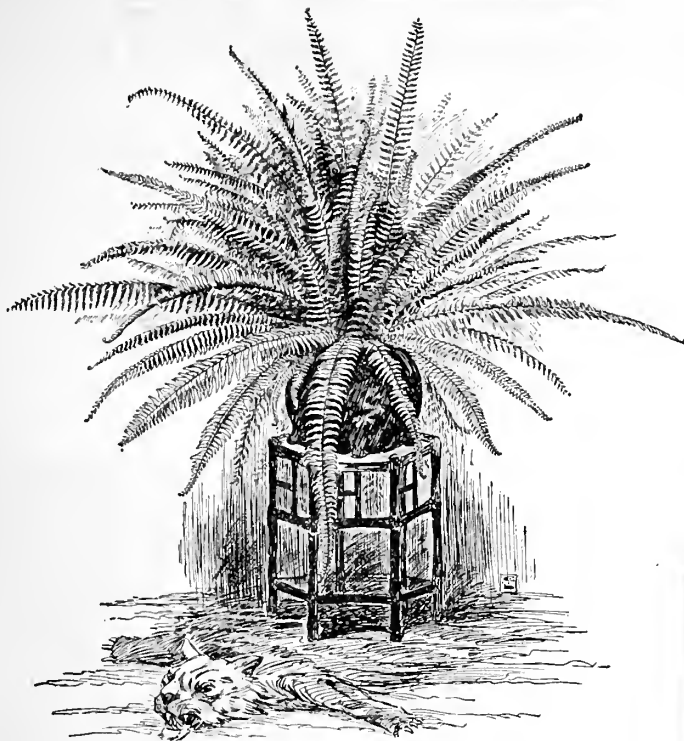

Magnificus. Very beautiful pure white, large size and extra good form, producing fine branching sprays; A1 in every particular.

Agatha. White with blush pink centre, an exceedingly attractive flower.

Atlas. Bronze shaded lemon, very large and extra deep flower, distinct.

Price of the above 12 varieties of Pompons, 25c. each; \$2.50 per dozen; or the set (12), one of each, for \$3.00.

The above ready for distribution March 1, 1900.

*Nephrolepis Bostoniensis* (Boston Fern).**FANCY-LEAVED CALADIUMS.**

This is a plant that in the past few years has become very much in demand. There are perhaps very few plants that are easier of culture and have such a variety of color in their foliage, making them very interesting as well as beautiful. A collection of the best kinds will always sell readily at fancy prices when grown carefully.

Price, dormant tubers, choice named kinds, about 10 distinct sorts, \$12.00 per 100; \$1.75 per dozen; 20c. each. Mixed, fine varieties, \$7.50 per 100; \$1.00 per dozen; 12c. each.

HEATHS AND ERICAS.

Now coming so much into vogue as winter and Easter flowering plants:

Erica fragrans, white with dark eye; **Erica Vilmoreana**, bright pink trumpet—winter flowering.

Erica persoluta alba, pure white bell; **Erica persoluta rosea**, rose colored bell; **Erica persoluta rubra**, light pink bell—Easter flowering.

The above kinds, September and October delivery, 3½-inch pots, 30c. each; \$3.00 per dozen; 5-inch pots, \$1.00 each; \$9.00 per dozen.

THE "BOSTON" FERN (*Nephrolepis Bostoniensis*).

One of the most useful and ornamental of the "Sword Ferns."

*Erica fragrans*.

It is now grown by the thousand for the market in all the large cities, and is steadily increasing in popularity. In well-grown specimens the fronds attain a length of 6 or 7 feet, like plumes arching over in every direction, in a most graceful manner. This beautiful fern is excellent for outside planting in shady borders. It is a very fine plant for hanging pots and baskets on the piazza in summer and conservatory or window in winter.

Price, small plants from bench for planting out, May and June delivery, \$5.00 per 100; \$40.00 per 1000.

Ferns in varieties from 2-inch pots, \$5.00 per 100; \$40.00 per 1000.

ASPARAGUS SPRENGERI.

A desirable species, useful as a pot plant for baskets; the fronds are frequently 4 feet long, a rich shade of green, retaining their freshness for weeks after being cut. A fine house plant, as it withstands dry atmosphere. **Seedling Plants, \$25.00 per 1000; \$3.00 per 100; 50c. per dozen.**

ASPARAGUS PLUMOSUS NANUS.

The lasting qualities of the leaves when cut are remarkable, retaining their freshness for weeks, hence it is the most valuable plant we have for this purpose, surpassing Maiden Hair Ferns in grace, fineness of texture and richness of color. **Well rooted seedling plants from flats, ready March 1st. Strong, equal to plants from 2 1-2-inch pots. \$25.00 per 1000; \$3.00 per 100; 50c. per dozen.**

IMPORTED ORCHIDS.

For the past three years we have received many shipments of orchids from reliable collectors in South America, which in every case has been very satisfactory, as the plants have arrived in good condition (the eyes well preserved) and the varieties all that could be desired. Prices upon *Cattleya Trianæ* are higher than usual, owing to this variety becoming scarce in its natural habitat. Prices upon other varieties will be found exceedingly low.

Orders booked for summer delivery on the following leading kinds.

ONCIDIUM VARICOSUM ROGERSII.

This orchid is undoubtedly one of the most profitable commercial varieties grown. It throws 3-foot stems bearing as many as 170 blossoms of a rich, golden-yellow, 2 inches and over in diameter, and can be successfully grown either on blocks of wood, in pots or in baskets, and flowered in January and February in a night temperature of 55 to 60 degrees.

The plants we offer will average two to three and more leads; five to ten bulbs, many with foliage.

\$1.25 each; \$12.00 per dozen; \$90.00 per 100.

Cattleya Trianæ, per case of 30 to 50 plants, \$70.00

Cattleya Labiata, per case of 30 to 50 plants, \$60.00

Cattleya Gigas Hardyana district, \$100.00 per case.

Lælia Anceps, \$1.50 each; \$12.50 per dozen.

*Caladiums* (Fancy Leaf).**JAPANESE FERN BALLS.**

(*Davallia Bullata*.)

One of the most striking and best paying introductions of recent years. Of easy growth and utilizing none of the space required for other plants, being suspended from the rafters. Spring and winter delivery. We receive them in a dormant condition direct from Japan, and besides the convenient ball shape, they also come made up to represent Letters, Anchors, Pagodas, Monkeys, Rings, etc., which attract attention and are very profitable:

PALMS AND OTHER DECORATIVE PLANTS.

The prices named below are for imported plants grown in Europe by the well-known firm of Ed. Pynaert Van Geert, Ghent, Belgium, whose American agents we are.

Upon comparison with prices quoted by others for American-grown stock, a decided advantage will readily be observed in favor of our goods. This class of plants travel with perfect safety owing to the plants being grown cool and packed by men with many years of experience in this line. We only name below a brief list of the principal articles offered by Mr. Van Geert, and for prices upon other stock please see his catalogue, which will be sent upon application.

Prices are quoted f. o. b. Ghent, Belgium, packing charged at cost, which charge, together with U. S. duty, ocean freight and importing expenses, will not exceed 50 per cent. of the value of the goods if orders for spring delivery are received before April 1st, 1900.

We believe we can save you 25 per cent. at least by ordering through us.

Measurements are from top of pot to top of plant in natural position.

DORMANT, HARDY, HYBRID, ROSES. PERPETUAL, AND OTHER

Selected Large Two-Year-Old Bushes. All Low Budded.

We can supply these from the time this catalogue is issued up to April 15th. The great value of these budded Roses lies in the fact that they produce better flowers and make stronger plants in a shorter period than those grown from cuttings; and the advantage is that having no soil on the roots and being dormant, they are of little weight and can be sent cheaply by freight or express.

Alfred Colomb. Carmine crimson; a grand rose in every way.

Ball of Snow (Boule de Neige). Large, pure white, globular flowers.

Baron de Bonstetten. Blackish crimson, with vivid red shadings.

Baroness Rothschild. An exquisite shade of satiny pink.

Capt. Christy. Delicate flesh color, deepening toward the centre.

Coquette des Alpes. White, tinged with blush, medium-sized flower, semi-cupped in form; a fine variety.

Duke of Edinburgh. Bright vermilion, extra large and full; a distinct and splendid variety.

Fisher Holmes. Finely shaped flowers, dark velvety crimson.

Gen. Jacqueminot. Brilliant crimson; the most popular rose.

Gen. Washington. An old garden favorite, red, shaded crimson and carmine, large, full and flat.

John Hopper. Bright rose with carmine centre, large and full; esteemed by all who grow it as of the highest order.

La France. Peach-blossom pink, the model garden rose; blooms all summer.

Mabel Morrison. Pure white; large, massive, perfectly formed flowers.

Margaret Dickson. White, with pale flesh centre; extra large flower of fine substance, strong, vigorous growth.

Magna Charta. Dark pink; one of the easiest roses to grow.

Mme. Gabriel Luizet. Light, satiny pink; an attractive sort.

Mrs. John Laing. Rich, satiny pink, delicious fragrance; blooms constantly.

Paul Neyron. Flowers 5 inches across; color lovely dark pink.

Persian Yellow. Hardy yellow rose; best of its color.

Prince Camille de Rohan. Dark crimson maroon, almost black.

Ulrich Brunner. Cherry red; a grand rose; very free blooming.

PRICES OF ABOVE.

Dormant Plants, purchaser's selection, \$11.00 per 100; \$1.25 for 10; 15c. each.

The Crimson Rambler.

Magnificent Pyramidal Clusters of Rich Crimson Roses. Every Cluster a Perfect Bouquet of Roses in Itself.

Its Growth.—It is of rapid, vigorous growth; attains a height of 15 ft. The flowers are produced in trusses, pyramidal in shape, good specimens measuring 9 in. from base to tip, and 7 in. across, fairly covering the plant from the ground to the top, so that it is one mass of glowing crimson. The color is superb, and remains strong and vivid to the end. The profusion of bloom is marvelous, over 300 blooms have been counted on one shoot.

As an Easter Plant. It is essentially a garden rose, but makes a magnificent specimen in a pot or tub. Large dormant plants from open ground, 6 ft. long, with many branches. 30c. each, \$2.75 per dozen, \$20.00 per 100. Second size, 15c. each, \$1.50 per dozen, \$12.00 per 100.

The White Rambler (Thalia.)

Is a fitting companion for the Crimson Rambler, closely resembling it in vine and foliage, as well as in the great clusters of pure white, fragrant flowers. The plant is perfectly hardy, equal in this respect to the Crimson Rambler. Price, dormant plants from open ground, 15c. each; \$1.50 per dozen; \$10.00 per 100.

The Pink Rambler (Euphrosyne.)

This beautiful variety is fit to rank with the two above mentioned. It is from the same source as the White Rambler, fully the equal of both in hardiness, vigor, size and profusion of flowers. Dormant plants from open ground, 15c. each; \$1.50 per dozen; \$10.00 per 100.

The Yellow Rambler (Aglaiia.)

A double yellow hardy climbing rose. It is perfectly double, very fragrant, entirely hardy. It is related to the Crimson Rambler, and, like it, blooms in large trusses. The flowers last three to four weeks without fading. It is a very vigorous grower, making shoots 8 to 10 ft. in one season. Price, dormant plants from open ground, 15c. each; \$1.50 per dozen; \$10.00 per 100.

The Memorial Rose.

(ROSA WICHURAIANA.)

The grandest plant for cemetery decoration in existence. It grows flat on the ground like an ivy, and blooms in grand abundance throughout July and intermittingly the balance of the season, pure white, sweetly fragrant flowers, with a golden yellow disc. It is perfectly hardy. Price, strong plants from open ground, 6 to 12 in., 10c. each; \$1.00 per dozen; \$7.50 per 100; 1 to 3 ft., 15c. each; \$1.50 per dozen; \$10.00 per 100.

Note.—We can also supply Hybrid Wichuraiana roses, Manda's Triumph, Universal Favorite, South Orange, Perfection and Pink Roamer. Strong plants from open ground, 15c. each; \$1.50 per dozen; \$10.00 per 100.

LILIUM LONGIFLORUM.

Cold Storage.

Although yet an experiment, the keeping of this variety of lily bulb dormant in cold storage is somewhat of a success. Florists who planted them last year in the month of May and June received very fancy prices for the flowers, and will continue planting on a larger scale this year. We have reserved a limited quantity for this purpose, and offer them until sold for delivery during spring and summer months as follows:

"BLACK DEATH."

Bug Killer and Fertilizer.

"Black Death" is an absolute annihilator of all insects, bugs or beetles that prey on vegetation. It positively kills Potato Bugs, Squash Bugs, Pumpkin Bugs, Watermelon Bugs, Rose Bugs, Currant Worms, Cabbage Worms, etc. It will kill all kinds of creeping things that eat the leaves of vegetables or plants.

It is an inexpensive powder, as fine as flour and extremely diffusible, and completely covers with a fine dust all plants over which it is sprinkled. In addition to being powerful in its effects to kill all insect life, it also acts as a fertilizer.

Its points of superiority over all other bug poisons may be summed up as follows:

- | | | |
|-----------------|------|---|
| GOOD
POINTS. | 1st. | Absolute death to all insect life. |
| | 2d. | Cheaper than any other insecticide known. |
| | 3d. | A good fertilizer. |
| | 4th. | Any child can apply it. |
| | 5th. | Not dangerous to handle. |
| | 6th. | Ready for immediate use; no mixing. |
| | 7th. | Every pound of uniform strength. |

MOSS AND PEAT.

Our moss is specially gathered and picked over for our trade, and any one wanting good clean moss for either special design or propagating purposes, would do well to give us a trial order.

Before shipping the moss it is dried by process, packed in tightly bound, firmly pressed bales, which will carry any distance without loss, at lowest freight rates.

Our prices are net, quoted f.o.b. New York City.

SHEEP MANURE.

Pulverized and prepared by special process by which the ammonia is retained and all weed seeds killed, making it specially useful either for florists' use or top dressing.

During the months of October and November the sheep are brought in from Dakota and Montana and collected in covered barns and fattened prior to killing. They are fed upon screenings from the grain elevators of the Northwest.

The droppings are taken to a drying plant and exposed to a moist heat of 350 degrees, long enough to kill the germ of any seeds which they may contain, and afterward dried and passed through a 20 mesh sieve, which insures a uniform product.

The article in commerce usually sold elsewhere is ordinarily dried by being exposed to the sun and air and allowed to ferment, by which process it loses most of its fertilizing qualities and ammonia. By the method used in preparing the manure we send out the ammonia is retained, making it a much more valuable article.

The grain upon which the sheep are fed is rich in nitrogen, and therefore the product we sell has a larger value than what has heretofore been sold under the same name.

PALM SEED

And Others

By the Million

It is common for us to receive at different times during the year large shipments of **Palm Seeds**, which are gathered purposely for us in their native locality. These shipments often contain upward of a million seeds, and from the fact of our knowing that they are fresh we can give our customers some assurance of their vitality.

Also from the fact of our getting them in such large quantities direct from the collectors, we are in better position to make satisfactory prices to large growers of palms than can be obtained elsewhere.

Fall Bulbs for Forcing and Winter Blooming.

Our having become identified as the main source of supply for the best stocks of important Bulbous Roots, supplying as we do the principal Florists in the United States and Canada, and also many of the large Parks and Conservatories, as well as exporting large quantities for the London market, all growers of Bulbs should not fail to send us a list of their requirements for estimate.

LILIUM HARRISII AND LONGIFLORUM BULBS.

The success that has attended our efforts in securing the best stocks and freest from disease of this important Florist Bulb, so much used for Easter flowering, has already established us with the largest growers, who look to us regularly for their supply.

We visit Bermuda each year during the growing season for the purpose of inspecting and discarding

from our large crops, grown especially for our trade, any spurious type or any that may seem affected by disease.

Our exhibits each year of **Easter Lily Bulbs** in the trade exhibit at the Convention of the Society of American Florists have always created deep interest and admiration, their superiority over others being commented upon.

We are the only firm in America that has been awarded a Certificate of Merit by this Society (the highest possible award) for Liliium Harrisii and Longiflorum Bulbs, an imprint of which is here given.
